Question 1: You provided the quantities used by the Georgetown County School District facilities, but tank size and who owns the tanks is missing. Can that information be provided?

Response: Yes. Please see the table labeled "Exhibit B" attached.

The return of this form will become part of the Mandatory Bid Submittal requirements. The School District will need documentation that where current provider owned tanks are located underground, any new provider will acquire those tanks and not mandate excavation and replacement which would disrupt operations.
