PROCUREMENT FOR: Liquid Propane (LP) Gas for County Facilities and Schools
Commodity Code(s): 40503

This addendum will amend **Bid #15-079, Liquid Propane (LP) Gas for County Facilities and Schools** originally issued on Friday, January 22, 2016. This clarification is being provided to all known and registered correspondents in response to questions received. All addenda and original bid documents are also available online at: www.gtcounty.org, select "Bid Opportunities" from the *Quick Links* box on the home page.

Question 1: On page 29 of 32 they are asking for unit pricing and extension of pricing on line one. Is the intent of this to put price per gallon in unit price column (SFAA 1/11/16 + FACTOR) then on extension column price the 57000 at the unit price?

Response: Please see the revised "Pricing Schedule" attached in an effort to make the process more understandable. For Items 1 and 2, the SFAA Base Cost is a constant. The Contractor will add their proposed Cost Factor per Gallon to obtain a billing cost for the week used in the example. On Item 1 only, multiply the finished billing cost by the 57,000 gallons for an Estimated Annual Extended Cost. This same per gallon calculation is carried to Line 2 on Page 27.

The lines for maintenance, inspection, etc. are contingency items so there are no bidden costs. "Included" or "none" are perfectly acceptable responses if applicable.
