ADDENDUM #2 FINAL TO BID #16-034

BID NUMBER: 16-034

ISSUE DATE: Tuesday, April 12, 2016

OPENING DATE: Wednesday, April 13, 2016

OPENING TIME: 4:00 PM (Eastern NIST)

Bid Opening Location: Georgetown County Courthouse, Suite #239, (Purchasing Conference Room)

Pre-Bid Conference/Site Inspection: INDEPENDENT – On Own

PROCUREMENT FOR: CTC Road Repair and Resurfacing, FY16

Commodity Code(s): 96866

This addendum will amend **Bid #16-034, CTC Road Repair and Resurfacing, FY16** originally issued on Friday, March 24, 2016. This clarification is being provided to all known and registered correspondents in response to questions received. All addenda and original bid documents are also available online at: www.gtcounty.org, select “Bid Opportunities” from the *Quick Links* box on the home page.

Question 1: With Addendum #1 Section 2.07 was changed from Thermoplastic to Fast Dry Paint. The original question was about 19.01 on page 14 of 43. If you are looking for a permanent pavement marking, could we use Thermoplastic and replace the current 2.07 and 19.01 with SCDOT Section 627? Section 625 will not last as long as Thermoplastic.

Response: So that everyone is working off the same requirements and the same information, let me clarify, even though this is last minute in terms of the bid opening. The department feels that they do not have the budget for thermoplastic surface markings although these are recognized to be the longest lasting.

Please provide, as the base bid requirement, the use of fast dry paint markings in accordance with SC-DOT specifications per Section 625.

As an Add/Alternate item, please provide the up-charge to use the longer lasting epoxy markings in accordance with SC-DOT specifications per Section 626.

Section 19, in the original bid solicitation on page 14 of 43, should be modified to read as follows:

19. PAVEMENT MARKINGS:

19.01 **Base Bid: Pavement Markings Fast Dry Traffic Paint:** Shall be in accordance with SC-DOT Section 625.

19.02 **Permanent Raised Pavement Markers** must comply with SC-DOT specifications and requirements available on-line at:
<http://www.scdot.org/doing/technicalPDFs/standardDrawings/630-000-00.pdf>

19.03 **Thermoplastic 24” Precut Stop Bars** must comply with SC-DOT specifications and requirements available on-line at:
http://www.scdot.org/doing/technicalPDFs/supSpecs/permanent_pavement_markings.pdf

19.04 **Alternate Item: Epoxy Pavement Markings:** Shall be in accordance with SC-DOT Section 626.

-
- 1) Please use the existing “Mandatory Bid Submittal Form for the “Base Bid” prices with the use of fast dry paint.
 - 2) Please write-in the Add/Alternate cost to upgrade to Epoxy Paint on the “Exceptions Page”.
 - 3) On the Unit Cost Schedule, please cross out “Thermoplastic” and write “Epoxy” and use that cost for unit prices.
-

Any bid submittals that require clarification of the response will be clarified by e-mail with the originating firm. Thank you.
