Part Time Positions

Part Time employees are classified into two categories:

- **Permanent Part Time:** These positions are specifically authorized by County Council, by number and position title, in the budget document. Their compensation, including cost-of-living and performance pay increases, is budgeted for the entire fiscal year. Permanent Part Time employees may be regularly scheduled to work 20 to 29 hours per week. They receive cost-of-living and performance pay increases, earn paid leave at one half the rate at which full time employees earn leave and are offered membership in the SCRS. But, they do not receive health insurance benefits.
- **Temporary Part Time:** While the name implies that they do not work all year (and most do not), a department may have sufficient funds budgeted to employ a part time employee for the full year. Temporary Part Time employees may not be regularly scheduled to work more than 29 hours per week. While they are offered membership in the SCRS, they do not receive cost-of-living or performance pay increases, paid leave or health insurance benefits. Departments that may employ Temporary Part Timers have a dollar amount budgeted in their Part Time Salaries budget line (but no Permanent Part Time positions specifically authorized by County Council) which can, for all practical / reasonable purposes, be spent as the Department Head chooses.
 - For example, if a department has \$10,933, budgeted, the Department Head may employ a part time employee, pay them \$7.25 per hour and work them 29 hours per week for the entire year. Or, the Department Head may choose to employ two part time employees for six months each. Or, to get the person the Department Head wants, they may need to pay them \$9.00 per hour (The HR Director approves what temporary part timers may be paid) and, in that case, unless the Department Head transfers funds from elsewhere in their budget, they would only have sufficient funds to employ them for 42 weeks vs. 52 weeks. The bottom line is that when the funding in the part time budget line is exhausted, the position may no longer be filled. If the position is filled, the employee filling the position is terminated.

Employees **regularly scheduled** to work 30 or more hours per week are considered **Full Time** employees.

Authorized Part-Time Positions – FY 09/10
