

C&D Swap Shop Now Open

The Department of Public Services has just opened the Construction and Demolition (C&D) Debris Swap Shop located at the County Landfill off of Browns Ferry Road (Highway 51).

The facility is open to accept materials that result from a construction project or a demolition project during the normal hours of operation of the landfill. Materials should be in good condition and reusable. No electronic materials, mattresses or upholstered furniture please. For a list of acceptable materials, please contact the office at 545-3443. The donated materials will be stored at the facility and will be given away to citizens and/or businesses. The facility is open for pick up of materials on the first and third Wednesdays of each month on a first-come, first-served basis.

A list of the materials currently available for pick up will be posted on the Recycling and Collections web site.
